

# LCR Faceted Bevels

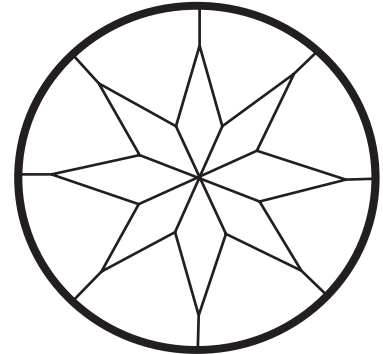

LCR is proud to introduce this new line of high quality faceted bevels. Manufactured on 5mm and 6mm float glass, these facets will add value and uniqueness to all your glass projects. Use them as jewel accents for panels or wrap and hang as sparkling decorations.

# Faceted Bevel Clusters

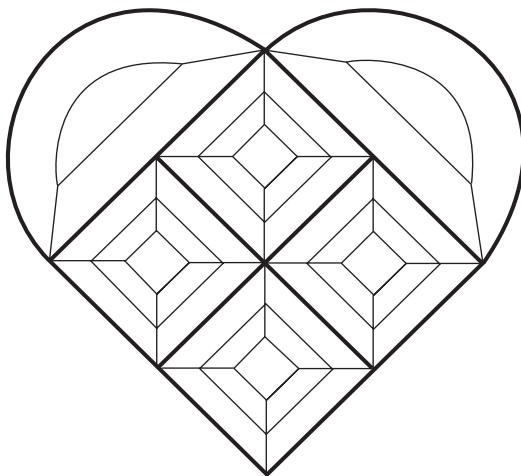

These elegant but inexpensive bevel clusters incorporate our new line of faceted bevels. The design may be changed by using other stock or faceted bevels. Size shown is approximately 50% of finished size. They work great as quick gifts, sun-catchers, student projects, or accents for larger panels.
